

Only Happy When It Rains

Garbage

I'm only when it
I'm only happy when it's
And though I know you can't it
I'm only happy when it

You know I love it when the is bad
Why it feels so good to feel so?
I'm only happy when it

Pour your misery
Pour your misery on me
Pour your misery
Pour your misery on me

I'm only happy when it
I feel good when things are goin'
I only listen to the sad, sad
I'm only happy when it

I only in the dark
My only is the night gone black
I didn't accidentally you that
I'm only happy when it
You'll get the by the time I'm through
When I about me and you
I'm only happy when it

Pour your misery (Pour your misery)
Pour your misery on me
Pour your misery (Pour your misery)
Pour your misery on me
Pour your misery (Pour your misery)
Pour your misery on me

Pour your misery
You can keep me
As long as you don't

I'm only happy when it
You wanna hear about my new?
I'm riding high upon a deep
I'm only happy when it

Pour some misery on me
I'm only happy when it
Pour some misery on me
I'm only happy when it
Pour some misery on me
I'm only happy when it
Pour some misery on me
